Accuratus 230 PS/2 Keyboard

Part Code: KYBAC230-PS2HY

About

The Accuratus 230 from Ceratech is a full size 105 keyboard but with some of the 'fat' removed.

The metal back of the 230 makes it exceptionally strong, providing very positive feedback.

Using 'edge to edge' keys the 230 is ideal where a full size keyboard is required but where space is limited.

As with all Accuratus keyboards it uses ultra reliable membrane technology and laser etched keys which ensures the characters remain fresh throughout the products' life.

Small, tough and reliable – It's got to be the 230
